

RATE SCHEDULE

RESIDENTIAL – RATES 1 - 8

Availability

Residential Service is available to Members in accordance with the Cooperative's Service Rules and Regulations for the following purposes:

- (1) for domestic uses associated with the operation of a single family permanent residence; and
- (2) for domestic uses associated with the operation of a multi-family installation provided each single family dwelling within the installation is metered separately; and
- (3) for domestic uses associated with the operation of a mobile home; and
- (4) for water well pumps that have piping connected to a permanent residence or mobile home.

Character of Service

Single or Three Phase Service at the Cooperative's standard voltages where available.

Monthly Rate

Each billing period the Member shall be obligated to pay the following charges:

- (1) Service Availability Charge - \$24.00 per meter

This charge is an availability charge for providing electric distribution service and does not include any KWH's of energy; and

- (2) Regular Energy Charge \$0.07615 per KWH

This charge for the delivery of energy shall be applied as follows:

- (a) Basic Residence or House Well – RATE 1

Regular Energy Charge will be applied to all KWH usage during each billing period.

- (b) Residence with Electric Water Heating – RATE 2

When a Member regularly uses a permanently installed 240 volt, 30 gallons or greater, storage type water heater of not greater than 5.5 kilowatts, individual rated capacity, the first 800 KWH's will be billed at the Regular Energy Charge and the next 500 KWH's will be billed at \$0.05275 per KWH. All additional KWH's used will be billed at the Regular Energy Charge.

- (c) Residence with All-Electric Space Heating – RATE 3

When a Member regularly uses a permanently installed space heating equipment of an aggregate rated capacity of 3kw or more, excluding bathroom heaters, billing during the winter months will be the first 800 KWH's at the Regular Energy Charge and all additional KWH's will be billed at \$0.04555 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

- (d) Residence with All-Electric Space Heating & Water Heating – RATE 5

When a Member has **water heating** in combination with all-electric space heating, during the winter months the first 800 KWH's will be billed at the Regular Energy Charge, the next 500 KWH's at \$0.05275 per KWH, and all additional KWH's at \$0.0455 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

- (e) Mobile Home Park Residence – RATE 6

Regular Energy Charge will be applied to all KWH usage during each billing period.

- (f) Residence with Dual Fuel Heat Pumps – RATE 7

When a Member regularly uses a permanently installed heat pump as the primary heat source for the entire residence in conjunction with gas or oil fired furnace for extreme cold weather back-up, billing during the winter months will be the first 1000 KWH's at the Regular Energy Charge and all additional KWH's will be billed at \$0.04555 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

- (g) Residence with Dual Fuel Heat Pumps & Water Heating – RATE 8

When a Member has **water heating** in combination with an add-on heat pump, during the winter months, the first 1000 KWH's will be billed at the Regular Energy Charge, the next 500 KWH's at \$0.05275 per KWH, and all additional KWH's at \$0.04555 per KWH. Winter months are defined as being the billing months of October, November, December, January, February and March.

Minimum Charge

Each billing period the Member shall be obligated to pay the greater of the following charges as a minimum, whether or not any energy is actually used:

- (1) The amount stated in any agreement with the Member; or
- (2) The Service Availability Charge.

Average Billing Plan

Upon request, any Member whose average monthly bill is \$25.00 or more, may be billed monthly, based upon average usage during the past twelve months, plus a portion of any un-billed balance. Members having delinquent or disputed bills are not eligible for billing under this plan.

Billing Adjustments

This rate is subject to all applicable billing adjustments.

Terms of Payment

Each bill for utility service(s), regardless of the nature of the service(s), is due 16 days after issuance unless such day falls on a holiday or weekend, in which case payment is due on the next working day. **If full payment is not received in the office of the Cooperative on or before the day such bill is due, the entire Member's account will be considered delinquent and subject to disconnection.**

Line Extensions

The Cooperative will make line extensions in accordance with the applicable line extension policy.
